

Speech by
The CEO – JOLU GROUP
Mr. John Ndung'u
During our Mega Company Launch
On 23rd Aug, 2025
Nairobi, Kenya

Good morning, ladies and gentlemen,

First, let me begin by saying thank you. Thank you for being here today to celebrate not just a launch, but a dream in motion.

Our journey began humbly in 2016, dealing in Bajaj spare parts under Jolu Ventures along Waiyaki Way. From those beginnings, we learned the value of quality, reliability, and trust. That foundation gave us the courage to expand.

In 2023, we entered agricultural machinery, introducing Zoomlion tractors into the Kenyan market. By rolling up our sleeves and working hand in hand with farmers, we placed over 100 tractors across Kenya. That experience taught us a powerful truth: when you give Kenyan farmers the right tools, they flourish.

That spirit gave birth to Jolu Machineries in 2024 — built not just to sell tractors, but to be a true partner to farmers with after-sales service, spare parts, and operator training. Today, we are proud to already have supported farmers in over 10 counties.

Around the same time, we also listened to another need: security. From conversations with Lucy and our colleague Mr. Kemboi, Jolu Security was born. In less than a year, we now employ hundreds of guards across Nairobi, Nakuru, Eldoret, and Kisumu, serving families, businesses, and institutions with dedication.

Ladies and gentlemen, this is the Jolu Group story — built on resilience, opportunity, and service. And we are only getting started.

In 2025, we aim to sell at least 50 tractors through Jolu Machineries, expand Jolu Security to Mombasa and beyond, and grow Jolu Ventures into the preferred spare parts partner across multiple counties. Our strategy is simple: expand reach, strengthen partnerships, invest in service excellence, and above all, stay close to our clients.

Why are we confident? Because the demand is real. Agriculture remains the backbone of our economy. Security remains a basic human need. And mobility — through quality spare parts — remains essential. Jolu Group stands at the intersection of these three needs: food security, physical security, and mobility.

But our success will not come from us alone. It will come from you — our investors, bankers, partners, suppliers, clients, family, and friends. We invite you to walk this journey with us: finance with us, trade with us, partner with us, and most importantly, believe in us.

Our vision is simple yet powerful: a Kenya where farmers harvest more, where families sleep soundly, and where young men and women find dignified work in agriculture, security, and automotive services.

At Jolu Group, we don't just sell tractors, provide guards, or supply spare parts. We deliver peace of mind — on the farm, at home, and on the road.

Thank you, and God bless you all.
